Park View Academy
Special Educational Needs and Disabilities (SEND) Policy updated September 2018

1. Aims

Park View Academy provides a broad and balanced curriculum for all children. We believe that all children are entitled to a full and equal curriculum with access to all areas of the curriculum, including those with Special Educational Needs and Disabilities. We believe in providing children with a safe, stimulating and supportive learning environment where the aspirations and achievements of all are valued and celebrated.

Definition of Special Educational Needs (SEN)

As defined by the Special Educational Needs (SEN) Code of Practice: for 0-25 years. January 2015 (pg 15)

‘A child or young person has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for him or her.

A child of compulsory school age or a young person has a learning difficulty or disability if he or she: has a significantly greater difficulty in learning than the majority of others of the same age, or has a disability which prevents or hinders him or her from making use of facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions.

For children aged two or more, special educational provision is educational or training provision that is additional to or different from that made generally for other children or young people of the same age by mainstream schools, maintained nursery schools, mainstream post-16 institutions or by relevant early years providers.’ (SEN Code of Practice January 2015 pg 15).

Some pupils with SEND may have a disability, '.... a physical or mental impairment which has a long-term and substantial adverse effect on their ability to carry out normal day-to-day activities' (Equality Act 2010) this includes children with long term medical conditions and sensory impairments. However, not all children with a disability will require special educational provision. A child with asthma or diabetes, for example, may not have special educational needs. Children with a disability requiring special educational provision will be covered by the SEND definition.

2. As a school we aim to:

- To create an environment that meets the special educational needs of each child and celebrates the achievements of all children.
- To ensure that children with special educational needs are identified as early as possible, that their individual needs are assessed and the necessary provision/resources are put in place.
- To ensure all staff understand their roles and responsibilities in providing for children with Special Educational Needs, and that every teacher is a teacher of children with Special Educational Needs. We place a strong emphasis on Quality First Teaching to encompass the different learning styles and needs of all children, including those with SEND.
- To enable all children to have full access to all elements of the school curriculum.
- To ensure that parents/carers knowledge of their children informs the identification and assessment process, and value their contribution in supporting their child's learning.
- To liaise closely with outside agencies to ensure accurate assessment and appropriate provision. Agencies include: Lighthouse Educational Psychology Service; Knowsley SENIS team; CAMHS; Health visitor/School Nurse service; Family First; Knowsley Neurodevelopmental pathway; ASC support teachers; Speech and Language Therapy Service; Occupational and Physio therapy services.
- Ensure confidentiality of children's information (Please refer to schools Data Protection Policy and Procedures).

3. Special Educational Needs identification and the graduated response to SEND provision.

In our school we aim to offer excellence and choice to all our children, whatever their ability or needs. We have high expectations of all our children. We aim to achieve this through the removal of barriers to learning and participation. We want all our children to know that they are a valued part of our school community.

The school does not discriminate against the admission of pupils on the grounds of Special Educational Needs where their learning difficulty or disability can be catered for within a mainstream setting.

Special Educational Needs covers a wide range of learning difficulties and Disabilities including; General Learning Difficulties; Specific Learning Difficulties; Social Emotional and Mental Health Difficulties; Physical and Medical Difficulties; Sensory Impairment; Social and Communication Difficulties; Speech and Language difficulties. Within each of these areas children may be affected at different levels ranging from mild to profound difficulties, or have co-occurring difficulties. We aim to identify any difficulties as early as possible through monitoring and assessment by class teachers, the SENDCo and the Senior Leadership Team.

At Park View Academy we aim to ensure that provision meets the needs of all learners. This may include additional support and/or access to differentiated resources or teaching strategies within class, or access to specific interventions on a 1-1 basis or within a small group, within the class or outside of the classroom. The school has a behaviour policy which provides guidelines for procedures and strategies to be used with children displaying inappropriate behaviour. We also have a whole school behaviour system, for some children with social, emotional and mental health difficulties strategies and procedures may be modified and altered accordingly.

All children are assessed when they join our school, so that we can build upon their prior learning, and plan an appropriate and engaging curriculum for all our children. This also allows for early identification of any difficulties that could impact upon their education and well-being.

Class Teachers are responsible for the progress and development of all the pupils in their class, including those with SEN. We place a high emphasis on the importance of a 'quality first' approach to supporting SEN learners. Teachers develop a thorough knowledge of each pupil, their preferred learning style, abilities, interests and difficulties in order to plan appropriately to engage and support them in achieving their potential. They closely monitor children's progress and set targets which are shared with children. Teachers and support staff are observed regularly. These observations are used to monitor the quality of teaching and identify areas where further support, training or resources could improve the quality of teaching and learning for an individual/class or as a whole school approach. Teaching staff are encouraged to undertake observations within other classes as part of their ongoing professional development, in order to self-monitor and share good practice.

If a Teacher identifies that a child is experiencing difficulties in any area, which is impacting on their education or well-being they will share this information with the SENDCo. We will consider the child's current abilities and difficulties using Knowsley's graduated response plan to support each individual's needs accordingly. We will also consider other issues that may be impacting a child's progress such as; attendance and punctuality; health and welfare; EAL; disability. Where any of these factors are impacting upon a child's progress we will work closely with the child's parents/carers and other professionals to remove barriers to learning.

Where our assessments show that a child may have special educational needs, we use a range of strategies that make full use of all available classroom and school resources. The child's class teacher will offer differentiated strategies and support within the classroom to support the child in making progress towards their individual targets. The class teacher will collect evidence of their strengths and areas of difficulties, this may be; samples of work; relevant checklists; school based assessments; notes on responses to learning/social situations.

If assessments show that a child is continuing to experience difficulties after a term of support, the Teacher and SENDCo will assess the child against relevant Knowsley criteria for progression to SEND support stage. At this stage the SENDCo in consultation with the class teacher, the child's parents/carers and the Senior Leadership Team will consider additional resources/interventions that could be provided internally, or further assessment or support from external agencies. With the parent/carers consent their child will be placed on the SEND register. We support children in a manner that acknowledges their entitlement to share the same learning experiences that their peers enjoy. Wherever possible, we do not withdraw children from the classroom situation. There are times, though, when to maximise learning, we ask the children to work in small groups, or in a one-to-one situation outside the classroom. Parental permission will be requested before any external agencies are consulted for assistance.

Children at SEN support level will have a Classroom Provision Support Statement which will include their individual needs and strategies that can be used to support them. Termly Personal Provision Plans (PPP's) provide SMART targets for development and progression. These will be reviewed half termly by the class teacher and shared with parents and carers.

If the child continues to demonstrate significant cause for concern, with long term and pervasive difficulties impacting upon their Education and Well-being, the SENDCo will seek parental permission to request statutory assessment by the Local Authority (LA). A range of written evidence about the child will support the request including; the views of parents/carers; samples of children's work and assessments, reports from external agencies and also the views of the child. Children on the SEND register are monitored closely by their class teacher, SENDCo and the Senior Leadership Team.

If children are making sufficient progress and are able to access the curriculum with a greater degree of independence, support will be gradually reduced and their progress monitored. Children will be removed from the register when they are able to access the curriculum independently at an age appropriate level.

4. Supporting children and Families.

The school works closely with parents to support children with special educational needs. We encourage an active partnership through an ongoing dialogue with parents. The home-

school agreement is central to this. Parents have much to contribute in meeting the needs of all children.

If parents have concerns in regards to their child they should initially contact the class teacher who will be able to provide information about their child's progress and well-being. If parents wish to speak to the SENDCo, Mrs Jones, they can telephone the office to make an appointment. The Head teacher can also be seen by appointment.

Our school also has a Learning Mentor, Miss Walker, who works with families to support them with a range of issues, including signposting them to external agencies. Miss Walker can be contacted via the school office.

The SEND information report can be accessed via our website <http://pearkviewacademy.thedeantrust.co.uk/special-educational-needs> . The school recognises that children with medical conditions must be supported to allow them full access to education, including school trips and physical education. Some children with medical conditions may be disabled, and where this is the case the school will comply with its duties under the Equality Act 2010. Our policy for managing medical conditions in school can also be accessed via our website. (See Policies: Accessibility and Equality and Diversity).

The Knowsley Family Information Service (SENDIASS) provides information and advice for parents about Education, Health and Care services in Knowsley, including advice for Parents and Carers of children with Special Educational Needs and Disabilities. It can be accessed <http://liverpoolandknowsleysend.com/>. Alternatively parents can contact the Family information service on 0800 012 9066 . The service may be contacted by email: liverpoolandknowsleysend@wired.me.uk

5. Roles and responsibilities.

In our school the SENDCo:

- Manages the day-to-day operation of the policy;
- Co-ordinates the provision for and manages the responses to children's special needs in consultation with Class Teachers and the Senior Leadership Team.
- Supports and advises colleagues; and provides access to specialist support from external agencies.
- Oversees the records of all children with special educational needs.
- Acts as the link with parents, alongside the Class teacher, to share information about their child.
- Works closely with external agencies to assess children's needs and secure the best possible provision/resources to meet their individual needs.
- Monitors and evaluates the Special Educational Needs Register, and reports to the Head Teacher and designated SEND Governor.

- Manages a range of resources, human and material, to enable appropriate provision for children with special educational needs;
- Contributes to the professional development of all staff, and identifies and arranges access to relevant SEND CPD opportunities for all staff.
- Co-ordinates and leads Annual reviews for all children with Statements of Special Educational Needs/Education, Health and Care Plans in accordance with LA guidance.

The Headteacher is responsible for:

- The day to day management of provision for all children including those with SEND.
- Keeping the governing body informed.
- Working closely with the SENDCO and Senior Leadership Team to monitor the progress and provision for all children.
- Ensuring that all governors are aware of the school's SEND provision, including the deployment of funding, equipment and personnel.

The role of the governing body:

- Maintaining an oversight of this policy, our approach to provision and our work with children with Special Educational Needs.
- Attend Governors meetings (when required). Support the school in meeting the needs of all children; staffing; training; resources; budget.
- The Head Teacher's report to governors will include a report on the number of pupils with SEND within each year group including the numbers of children at each stage of action, and identify any specific children which for whom the school will be seeking additional/enhanced support or an Education, Health and Care Assessment from the LA.
- The governing body has due regard to the Code of Practice when carrying out its duties towards all pupils with Special Educational Needs and Disabilities.

The class teacher is responsible for:

- The class teacher is responsible and accountable for the progress and development of all children in their class, including those with SEND.
- Plan for the progress and development of all children, using Knowsley's Graduated Response guidance to support them in meeting the needs of children with special educational needs. Regularly assess and monitor children's progress and report any concerns to Senior Leadership and the SENDCo.
- Liaising with the SENDCo/Senior Leadership Team/Other agencies about concerns regarding a pupil's educational progress or wellbeing in order to improve teaching and learning.

- Drawing up and implementing PPP's (Personal Provision Plans) for children on the SEND register. Ensuring these are reviewed at half termly and more frequently if necessary.
- Working together to develop and review our procedures for identifying, assessing and making provision for pupils with SEND in cooperation with the SENDCo.
- Keeping parents informed of their children's progress.
- Differentiation of teaching methods, support, environment and resources to meet the needs of all learners.
- Ensuring a strong focus on 'Quality First Teaching' to meet the different learning needs and learning styles of pupils.

5. Pupil Participation

In our school we encourage children to take responsibility and to make decisions. This is part of the culture of our school and relates to children of all ages. Children are encouraged to make judgements about their own performance against their half termly targets, celebrating their achievements and gaining an awareness of how they can make improvements. We have a school council, with members elected from each year group, who meet regularly to feedback the thoughts and ideas of their peers in regards to current practices and events within school.

6. Complaints procedure.

If a parent/carer wishes to complain about the provision or the policy, they should, in the first instance, raise it with the SENDCo who will try to resolve the situation. If the issue cannot be resolved within 10 working days, the parent/carer can submit a formal complaint to the Head teacher in writing or any other accessible format. The Head teacher will reply within 10 days. Any issues that remain unresolved at this stage will be managed according to the School's Complaints Policy. This is available, on request, from the school office.

7. Storing and managing information.

Children's information will be stored in accordance with the Dean Trust policy on Data Protection. A copy of the policy is available on request from the school office. This policy will be reviewed annually.

Next review due: September 2018.

Signed:

Date:

SENDCO – Mrs Mandy Jones
Head teacher – Mr Damian Kenny
